## To Whom It May Concern

We are a charity organization located in Israel, who have received services from The Mala"k – Hamerkaz Legiyus Kesafim Be"Am in Jerusalem.

We wish to note that their work is very professional and has generated income for us which we would not have been able to attain without their help.

We recommend this organization to all who wish to obtain budgets they have not been able to get up to now.

We wish you success in this, and all your undertakings.
